

Outsource your AR department with LSI

www.yourARdepartment.com

LSI has been delivering AR results to our nationwide client base since 1995. With operation centers in suburban Chicago and Fort Wayne Indiana, LSI is a leader in AR Management Outsourcing. In fact, LSI manages over \$1 Billion in AR for our clients every year!

LSI is not a collection agency or a factoring company-- in fact, we never touch our customer's money. We simply manage your receivables from invoice to payment.

We want to become your AR department. LSI handles every detail: interactive (LSI proprietary) ARIS software, professional staff, management, training, phone calls, letters, email, reports, conference calls and most importantly...

IMPROVED RESULTS!
